EXPERIENCE

Four Paw Bed & Biscuit, Farmville, VA— *Kennel Technician*

AUGUST 2019 - PRESENT

Operate the front office by handling incoming phone calls, and managing check in and check outs. Provide animal care to include feeding/watering, administering medications, and cleaning the kennel.

EDUCATION

University of Richmond Bootcamp, Richmond, VA— *Full Stack Web Development Certificate*

NOVEMBER 2020 - MAY 2021

Designed and developed over 20 web applications. Collaborated with other developers on group projects using Github.

Southside Virginia Community College, Keysville, VA— *Associates of Arts and Science*

AUGUST 2014 - MAY 2016

Graduated with honors with a GPA of 3.7.

PROJECTS

Foo Bar Finder — *Project #1 of Bootcamp*

The Foo Bar Finder is a double-sided application that allows the user to search for and save new recipes and cocktails by keyword or category.

Workday Planner — *Homework Assignment Week 5*

This application was created for users to have a dynamic workday scheduler spanning from 9 a.m. to 5 p.m., allowing them to input their unique to-dos and save them to look at later.

Coding Quiz — *Homework Assignment Week 4*

Users can take this 5-question coding quiz to test their knowledge! If an answer is wrong, their time is deducted by 15 seconds. The user can input their initials and save their score to the application.

SKILLS

HTML

JavaScript

CSS

jQuery

Node.js
